APPENDIX 1

In furtherance of its Exempt purpose, the ISHRS has also adopted the "[ISHRS Position Statement on Qualifications for Scalp Surgery](#)" (inserted below) in an effort to encourage professional excellence and patient safety in hair restoration surgery.

ISHRS Position Statement on Qualifications for Scalp Surgery

The position of the International Society of Hair Restoration Surgery is that any procedure involving a skin incision for the purpose of tissue removal from the scalp or body, or to prepare the scalp or body to receive tissue, (e.g., incising the FUE graft, excising the donor strip, creating recipient sites) by any means, including robotics, is a surgical procedure. Such procedures must be performed by a properly trained and licensed physician*. Physicians who perform hair restoration surgery must possess the education, training, and current competency in the field of hair restoration surgery. It is beyond the scope of practice for non-licensed personnel to perform surgery. Surgery performed by non-licensed medical personnel may be considered practicing medicine without a license under applicable law. The Society supports the scope of practice of medicine as defined by a physician's state, country or local legally governing board of medicine.

Adopted by the Board of Governors, 11/15/2014

*or in countries where it is allowed, a licensed allied health professional practicing within the scope of his or her license.

By signing, you represent that you acknowledge the ISHRS Position Statement on Qualifications for Scalp Surgery establishing the "best practices" standard of the ISHRS; and that you are conducting your own medical practice consistent with this standard and/or you delegate duties to technical and professional staff in accordance with medical laws applicable in your own state, region, country, or territory.

APPENDIX 2

In furtherance of its Exempt purpose, the ISHRS has also adopted guidelines to help members avoid what can be universally considered as misleading and improper messages. **The following are considered misleading and improper. Websites and marketing materials will be reviewed to assure these are not included.**

ALERT REGARDING MISLEADING AND IMPROPER MESSAGING

The International Society of Hair Restoration Surgery ("ISHRS") understands the importance of the public being informed about hair restoration surgery and the causes and scientifically proven therapies for hair loss, and recognizes many patients are misled by false or confusing messages marketed by hair restoration surgeons.

Accordingly, the ISHRS developed the Improper Messaging list below to help: (i) protect patients seeking hair restoration surgery by providing a list of items that should raise red flags; and (ii) its members avoid prohibited, improper, potentially misleading, and/or confusing messages and advertisements.

IMPROPER MESSAGING

- A. Misrepresenting Credentials and Violating Intellectual Property Rights.** The following publications are fraudulent, mislead the public, and violate various state and federal laws:
- 1. Inaccurate Credentials.** Incorrectly claiming to be certified by the American Board of Hair Restoration Surgery ("ABHRS") or claiming to be a member or Fellow of the ISHRS, and otherwise stating or suggesting any expertise in hair restoration surgery that is false.
 - 2. Misrepresenting Board Certification.** Members should identify their specific medical specialty certifying board when marketing their board certification in the public domain. Members may not claim to be board certified by the ISHRS, or to make an inference of the same. Language such as "board certified hair restoration surgeon" is not acceptable.
 - 3. Misrepresenting Photographs.** Publishing photographs of other physicians' patients in any manner that states or suggests they are patients of the publishing practice.
 - 4. Copyright/Trademark Violations in General.** Republishing or otherwise representing the photographs, publications, tradenames, logos, or other trademarks of another practitioner without permission in violation of the owner's copyrights and/or trademarks.
 - 5. ISHRS Trademark Violations.** Republishing or otherwise representing the ISHRS's photographs, publications, name, logos and other trademarks in any manner inconsistent with the ISHRS's Trademark Use Policy (e.g., use of Fellows Logo by non-Fellow members; use of Members Logo by anyone other than Full Members; any individual using the ISHRS's Logo).
- B. Improper Use of Staff.** The following practice may mislead the public and violate various state and federal laws.
- 6. Unauthorized Practice of Medicine.** Unlicensed, non-physicians performing surgical procedures.
 - 7. Lack of Informed Consent.** Non-physicians participating in hair restoration procedures without the patient's informed consent.
- C. Misleading Language.** Use of the following terms and phrases in marketing by a hair restoration surgeon may mislead the public and violate various state and federal laws.
- 8. "Scarless surgery"**
 - 9. "No incision"**
 - 10. "No touch"**
 - 11. "No cutting"**
 - 12. "Cloning"**
 - 13. "Hair multiplication"**
 - 14. "Non-invasive"**
 - 15. "Eliminates the need for additional procedures"**

By signing, you represent that you have read, understand, and agree to avoid prohibited, improper, potentially misleading, and/or confusing messages and advertisements.
